NJ CROSSING GUARD INVENTORY  
DRAFT FINAL REPORT 11.26.21

## Introduction

### ***SHSP Other Vulnerable Road Users 5.A.1.a.***

*Identify the current enrollment of standardized crossing guard training, in coordination with the Equity EA Team. Develop a strategy and performance measures for increasing the enrollment and outreach for those serving in underserved communities.*

*In 2020, with funding from the NJ Department of Transportation, the NJ Safe Routes Resource Center at the Alan M. Voorhees Transportation Center at Rutgers University developed a survey in Qualtrics, an online survey tool, to gather information on how many crossing guards are working in New Jersey and how they are trained. A survey link was sent out to approximately 500 municipal police departments through the New Jersey Association of Chiefs of Police. A draft interim report presented the findings from the survey.*

*These survey responses were combined with information gathered from other municipalities to complete an inventory of crossing guards and training for these vulnerable road users.*

## **Background - NJ Crossing Guard Training and Resources Program**

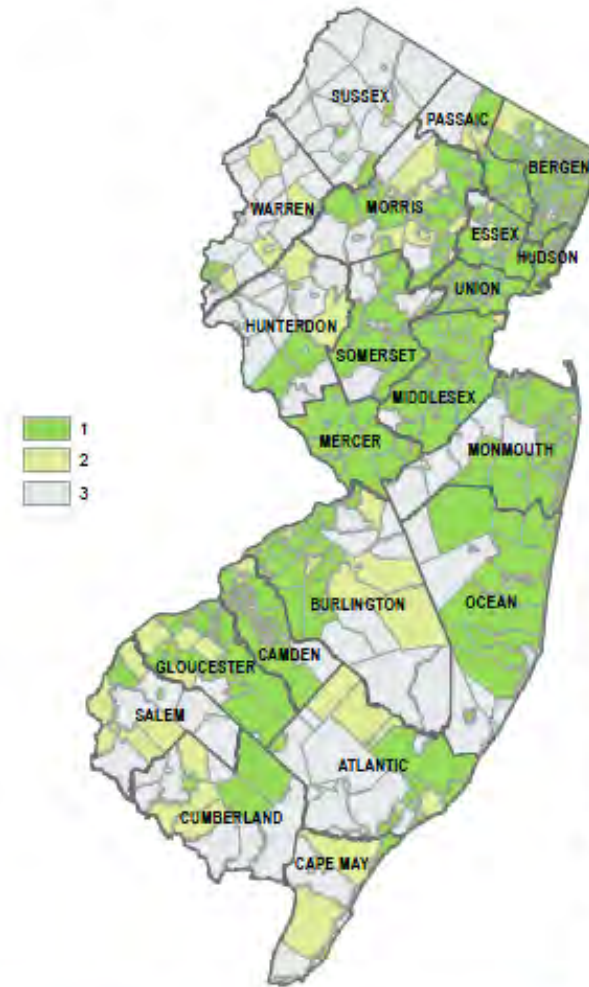

- In New Jersey, crossing guards are usually hired, trained and supervised by municipal police departments.
- Program funding has been provided by NJ Department of Transportation, NJ Division of Highway Traffic Safety, and NJ Municipal Excess Liability Joint Insurance Fund.
- The Program began in 2011 with research into best practice and focus groups with crossing guards and their supervisors.
- From 2013-2021, over 940 traffic safety officers from 319 municipalities have attended the NJ Crossing Guard train the trainer classes. The training has reached 75% of the municipalities that have crossing guards.
- Numerous resources (videos, tip cards, model policies, supervisor manual, among others) are available on the program website at [njcrossingguards.org](http://njcrossingguards.org).
- Program staff have provided direct crossing guard training to several communities. Training to underserved communities has been provided at no fee.

# SHSP Other Vulnerable Road Users 5.A.1.a.

- From 2013-2021, over 940 traffic safety officers from 319 municipalities have attended the NJ Crossing Guard train the trainer classes. The training has reached 75% of the municipalities that have crossing guards.
- NJ has an estimated 6,900 crossing guards.

# NJ Crossing Guard Inventory

---

- Initial Survey conducted in 2013-2014
- Supervisors provide # of crossing guards via questionnaire at crossing guard train the trainer classes
- Inventory 2021
  - Survey conducted via Rutgers Qualtrics online platform with a link emailed through the NJ State Association of Chiefs of Police and follow-up emails between 11/9/2020 and 12/7/2020
  - By individual email and phone communication to communities were reported to have no crossing guards
- Inventory modified to include:
  - Changes in crossing guard numbers
  - Changes in municipalities with crossing guards / without crossing guards
- New Jersey Crossing Guard Inventory 2021 can be found as Appendix A
  - The list represents a snapshot in time of crossing guard numbers
  - Number of crossing guards, or whether there are crossing guards, has not been determined for 27 municipalities

# NJ Crossing Guard Inventory

---

## **Qualtrics Survey Responses**

- 280 individuals started the survey
- 58 individuals did not continue, and/or did not provide municipality and/or number of guards
- 21 duplicate entries were identified
- n = 201 responses

## **CROSSING GUARD NUMBERS**

Under non-pandemic conditions, how many crossing guards, including alternates, does your municipality have?

# Methodology for Identifying Underserved Communities

---

- Use *NJ 2020 Strategic Highway Safety Plan\_Equity Approach and Parameters*
- Use equity analysis maps and lists to identify underserved communities
  - US EPA Environmental Justice Screening and Mapping Tool
  - NJ Department of Community Affairs Targeted Urban Municipalities designation
  - NJ Department of Environmental Protection Overburdened Communities list
- Refer to ranking of communities in 2021 NJDHTS Highway Safety Plan for pedestrian crashes and bicycle crashes
  - All communities on these lists are underserved communities based on the definition outlined in the methodology
- Identify communities on list that have not sent an officer to crossing guard supervisor training
- Note if direct training has already been provided to the community

# Strategies and Performance Measures

---

## **Strategies for Improving Crossing Guard Training in Underserved Communities**

(Dependent on funding through a NJDHTS grant (2021-2022))

- Identify communities on list that have never sent an officer to crossing guard supervisor training – provide specific outreach
- Identify communities on list that have not sent an officer to crossing guard supervisor training in the last four years – provide specific outreach
- Provide direct training in five underserved communities
  - Prioritize communities based on:
    - No prior direct training received
    - No crossing guard supervisor has attended train the trainer class in the last four years
    - Other considerations, including direct request
- If receiving grant, provide educational materials to underserved communities
  - Spanish voiceover version of the Use of the STOP Paddle Safety Snippet video
  - Spanish voiceover version of the 8 Steps of the Crossing Procedure video
- Ensure that resources are reaching crossing guard supervisors
